

About Us

Energy Exchanger Company is a leading shell & tube heat exchanger manufacturer. Since 1974, we have continually built a reputation of quality among our customers. It's our people that set us apart for exceptional quality, workmanship and customer satisfaction. Our loyal employees make the difference.

We are proud to be a double minority-owned company, as well as a member of TEMA, HTRI and API.

Our convenient location in Tulsa, Oklahoma gives us easy access to highways, river transport through the Port of Catoosa, and the Tulsa International Airport.

We are certified to fabricate to:

- API 660 Heat Exchanger Standards
- ASME Section VIII, Division 1, Pressure Vessels "U" #12,370
- ASME Section 1, Power Boilers "S" #12,371
- NB Repairs and Alterations "R" #2,888
- All TEMA Standards
